

Annual Benefit Statement Pension Surgeries

Towards the end of the year Your Pension Service will hold a series of Pension Surgeries across Cumbria. Staff from Your Pension Service will be available for you to speak to regarding your LGPS and Fire pension queries or if you just want some information about joining the scheme.

Where possible our AVC provider Prudential will also be available on these days.

To book a 15 minute appointment with our staff, please click the link [here](#) to use our online booking system – remember to book early!

*We would recommend you print your annual benefit statement off and bring it with you. You can do this through 'My Pension Online'.

If you wish to speak with **Prudential** it would be helpful if you could also bring along a recent pay slip or current pay and tax code details.

No matter who your employer is, you can book an appointment at any of the sessions listed.
